Product Overview

The reversible design of the Schlage Latitude Satin Nickel Bed and Bath Lever allows it to be installed on a left-handed or right-handed door for ultimate versatility. Ideal for use on bathroom and bedroom doors where prohibited entry is sometimes desired, it's equipped with a push-button lock on the inside which can be disengaged from the outside with the included pin key. The straight-handled privacy lever offers a crisp perspective on minimalist design with its clean lines and rectangular features and is especially popular in our versatile Satin Nickel finish. Plus, it's designed and tested with strength and durability in mind, protected by a lifetime limited warranty for decades of dependable use.

- Use with 1-3/8 in. to 1-3/4 in. door thickness
- Lever design pairs well with the modern, clean lines of contemporary and urban design
- Finish coordinates nicely with satin nickel plumbing and lighting fixtures
